Salomlashuv nutqi

Hurmatli soha vakillari!

Sizlarni Toshkent shahrida ilk bor o'tkazilayotgan Central Asia International Hardware Expo (CAIHE) xalqaro ko'rgazmasida samimiy qutlaymiz! Mahalliy hamkorimiz — Inter Dialog Ltd. kompaniyasi bilan birgalikda O'zbekistonda ilk bor tashkil etilayotgan ushbu ko'rgazmada eksponentlar, xaridorlar va soha vakillarini bir maydonda jamlayotganimizdan mamnunmiz.

Xalqaro ko'rgazmalarni tashkil etish borasida bir asrdan ortiq tajribaga ega bo'lgan Koelnmesse kompaniyasi turli soha vakillarini birlashtirish, biznes aloqalarini rivojlantirish, g'oyalar almashish va bozorlarning taraqqiyotiga xizmat qiluvchi xalqaro platformalarni yaratish orqali o'zining nufuzli mavqeiga erishgan. Asbob-uskunalar va mahkamlash buyumlari sohasida ushbu yondashuvimiz global ko'rgazmalar portfelimizda o'z aksini topadi. Bunga Kyoln shahrida o'tkaziladigan, dunyodagi yetakchi xalqaro asbob-uskunalar ko'rgazmasi — EISENWARENMESSE hamda Osiyo, Yevropa, Amerika va Yaqin Sharqda tashkil etiladigan ixtisoslashtirilgan ko'rgazmalarimiz misol bo'la oladi. Har bir ko'rgazma o'z bozorining ehtiyojlariga yo'naltirilgan bo'lsa-da, ularning barchasi yagona maqsadga xizmat qiladi: talab va taklifni birlashtirish, bozor ishtirokchilari o'rtasida ishonch va mustahkam hamkorlik aloqalarini shakllantirish.

Markaziy Osiyo bozori Koelnmesse kompaniyasining asbob-uskunalar sohasidagi global ko'rgazmalar tarmog'ini kengaytirish yo'lidagi navbatdagi muhim bosqich bo'lib, ayni paytda mintaqa uchun yangi imkoniyatlarni ochmoqda. Mintaqa aholisi qariyb 84 million kishini tashkil etadi, DIY va asbob-uskunalar bozori hajmi esa 2029-yilga borib 19 milliard AQSh dollariga yaqinlashishi prognoz qilinmoqda. Faqat O'zbekistonning o'zida 750 dan ortiq yirik infratuzilma loyihalari amalga oshirilmoqda. Bularning barchasi professional asbob-uskunalar va texnik yechimlarga bo'lgan talab ortib borayotganidan dalolat beradi. CAIHE xalqaro yetkazib beruvchilarni mintaqaviy xaridorlar, distribyutorlar va loyiha buyurtmachilari bilan bog'lovchi samarali platformaga aylanishni maqsad qilgan.

Ilk ko'rgazmamiz ushbu maqsadni amalda ro'yobga chiqarmoqda: ekspozitsiyaning umumiy maydoni 5 000 kvadrat metrdan ortiqni tashkil etadi, unda 165 ta eksponent ishtirok etmoqda, professional tashrif buyuruvchilar soni esa 5 000 nafardan oshishi kutilmoqda. Ishtirokchilar orasida Germaniya, Italiya, Fransiya, Shvetsiya, Polsha, Hindiston, Janubiy Koreya, Qozog'iston va O'zbekistondan kelgan kompaniyalar mavjud. Shuningdek, Xitoy Mashinasozlik va Elektron Mahsulotlar Importi va Eksporti Savdo Palatasi (China Chamber of Commerce for Import and Export of Machinery and Electronic Products) bilan hamkorlikda tashkil etilgan alohida Xitoy milliy pavilyoni ham namoyish etiladi.

Ko'rgazma ekspozitsiyasi qo'l asboblari, elektr asboblari, mahkamlash buyumlari, qurilish furniturasi, qulflar, yoritish uskunalari, shaxsiy himoya vositalari va boshqa turdosh mahsulotlarning keng assortimentini qamrab oladi. Ushbu mahsulotlar mintaqaning qurilish, sanoat va chakana savdo tarmoqlari ehtiyojlariga xizmat qiladi. Ko'rgazma bilan bir qatorda tashkil etiladigan xaridorlar uchun maxsus dasturlar, B2B uchrashuvlar va tematik seminarlar ishtirokchilarga yangi biznes hamkorlarini topish, foydali aloqalar o'rnatish hamda O'zbekistonda biznes yuritish bo'yicha amaliy ma'lumotlarga ega bo'lish uchun qo'shimcha imkoniyatlar yaratadi.

Bizning mintaqaga bo'lgan e'tiborimiz uzoq muddatli va amaliy hamkorlikka asoslangan. Xalqaro yetkazib beruvchilar, soha bo'yicha ekspertiza va mahalliy bozor haqidagi bilimlarni birlashtirish orqali ko'rgazma yakunlanganidan keyin ham davom etadigan mustahkam ishbilarmonlik munosabatlarini shakllantirishga ko'maklashishni maqsad qilganmiz.

O'zbekistondagi va butun dunyodagi barcha eksponentlar, hamkorlar va hamkasblarimizga ushbu yangi professional platformani yaratishdagi hissalari uchun samimiy minnatdorlik bildiramiz. CAIHE xalqaro imkoniyatlar va mintaqaviy salohiyatni birlashtiradigan, mustahkam va uzoq muddatli biznes hamkorliklari boshlanadigan muhim platforma sifatida birgalikda rivojlanishiga ishonamiz.

Koelnmesse kompaniyasi nomidan barcha ishtirokchilarga muvaffaqiyatli ko'rgazma, samarali ishbilarmonlik uchrashuvlari va Toshkentda unutilmas taassurotlarga boy kunlar tilayman!

Welcome Speech

Dear Industry Colleagues,

A warm welcome to the inaugural Central Asia International Hardware Expo (CAIHE) in Tashkent! Together with our local partner, Inter Dialog Ltd., we are delighted to bring exhibitors, buyers and industry partners together for this first edition in Uzbekistan.

With more than a century of experience in organising international trade fairs, Koelnmesse has built its reputation on connecting industries and creating platforms where businesses meet, ideas are exchanged and markets evolve. In the hardware sector, this commitment is reflected in our global portfolio, from EISENWARENMESSE in Cologne - the world's leading hardware fair - to our hardware events across Asia, Europe, the Americas and the Middle East. Each fair serves a distinct market, yet all share one purpose: to connect supply with demand and build trust between people.

Central Asia marks the next step in the expansion of our global hardware network, at a time of significant opportunity. With nearly 84 million people, a DIY and hardware market projected to approach USD 19 billion by 2029, and more than 750 major infrastructure projects underway in Uzbekistan alone, the region presents growing demand for professional hardware solutions. CAIHE provides a practical bridge between international suppliers and regional buyers, distributors and project owners.

This first edition brings that connection to life, spanning over 5,000 square metres of exhibition space and welcoming 165 exhibitors, with more than 5,000 trade visitors expected. Exhibitors come from Germany, Italy, France, Sweden, Poland, India, South Korea, Kazakhstan and Uzbekistan, alongside a dedicated China Pavilion organised in cooperation with China Chamber of Commerce for Import and Export of Machinery and Electronic Products. The exhibition presents a wide range of hand tools, power tools, fasteners, building hardware, locks, lighting, safety equipment and related products, serving the region's construction, industrial and retail sectors. Alongside the exhibition, our buyer programmes, business matchmaking and seminars offer further opportunities to meet potential partners and gain practical insights into doing business in Uzbekistan.

Our commitment to the region is long-term and practical. By bringing together international suppliers, industry expertise and local market knowledge, we aim to help businesses establish relationships that continue well beyond the exhibition. To our exhibitors, partners and friends in Uzbekistan and around the world: thank you for building this platform with us. We look forward to developing CAIHE together as a place where global capability meets regional opportunity and lasting partnerships begin.

On behalf of Koelnmesse, I wish you a successful exhibition and a productive and memorable experience in Tashkent.
